INVITATION

Ladies and Gentlemen,

*I have great pleasure and honour in inviting scholars and students on behalf on Innovative Eastern Poland Association to participate in the international scientific conference entitled **9th International Forum Science and Technology Days Poland-East** which will be held in Suprasl, Poland, on May 28-30, 2015.*

Cooperation with Eastern Europe Countries is one of the priorities of the strategy development of the Podlasie region. Based on the existing potential (businesses, universities and experts) we organized the seven editions International Forum in Podlaskie.

During the BEST OF EAST - FOR EASTERN PARTNERSHIP (November 28-30, 2011, Warsaw) under the auspices of the European Parliament we presented results and experiences of previous editions forum. It turned out that the previous forums have launched a real cooperation between science and business, as the effects were specific implementation to the economy.

I sincerely hope that attendance at FORUM will be a fruitful, enjoyable and memorable experience for all participants. I encourage you to read this offer.

Let us meet in June in Suprasl.

*Prof. Wiesław T. Popławski
Chairman of the Forum*

ORGANIZERS:

- Innovative Eastern Poland Association
- The Marshal of Podlaskie Region

and

- National Contact Point for Research Programmes of the EU
- Białystok School of Economics
- Białystok University of Technology
- Warsaw University of Technology
- Koszalin University of Technology
- The State College of Computer Science and Business Administration in Lomza

- Lviv State Centre of Science, Innovations and Informatization (LvCSII)

ABOUT FORUM

THE AIM OF THE FORUM IS expanding the international co-operation focusing on areas of: ICT, Eco-Energy, Environment, Health, New Materials and Processes (NMP) and Transregional Co-operation between EU countries and Eastern Countries, especially Belarus, Ukraine and Russia, particularly within **Eastern Partnership**.

Forum is one of the elements of cooperation towards regional development, but also cooperation with the abovementioned Countries. We hope that scope of our Forum will attract participants from other countries looking for possibility of collaboration with regional partners in business and innovation oriented research.

THE RESULT OF THE FORUM will be undertaking special business ventures based on the transfer of new technologies and corporate solutions, and preparing common projects ideas concerning programmes which are presently in progress. Apart from this experience exchange dimension and sharing best practice which result from the existence of cooperative links and establishing new contacts, especially international ones will be development of existing connections or the creation of new ones and cooperation.

THE FORUM PROVIDES A UNIQUE OPPORTUNITY TO:

- Undertake common projects and business ventures;
 - Find partners for further R&D cooperation;
 - Meet professionals from Eastern Europe who design and implement the latest ICT, Energy, Environment, New Materials and Processes and Health technologies;
 - Establish and tighten contacts with teams and individuals from the industry and business community;
 - Find outlet for new technology and innovative solutions;
 - Implement innovations in the production process;
 - Meet new technology providers from Poland and abroad;
 - Find partners for cooperation in the framework of European projects aiming to provide the opportunities for development of clusters and parks.
-

THE FORUM IS ADRESSED TO:

- Business Environment Institutions which take part and are interested in participation in Eastern Partnership initiative;
- R&D centres and companies, Small and Medium Enterprises (SMEs) interested in business co-operation;
- Partners interested in establishing common projects;
- innovative companies offering new technologies and innovative products;
- R&D and technology transfer centres offering business proposals for SMEs;
- clusters and technological parks

from UE and Eastern Europe Countries.

THE FORUM WILL HOST:

1. Scientific and technological sessions on selected issues, concerning:
 - Social innovation in management;
 - Health;
 - Environment;
 - ICT;
 - Energy;
 - New Materials and Processes;
 - Transregional Co-operation and Eastern Partnership.
2. **Partnering Event** aimed at genuine cooperation on selected issues and technology transfer. Partnering Event will consist of workshops, poster sessions and individual meetings, presenting possibilities of commercialisation of the solutions, as well as, possibilities of co-operation on new projects.
3. **Exhibition presenting** the potential, solutions and achievements of companies and institutions, which take interest in establishing cooperation.
